

## BRIGHT PROSPECT IN PHILIPPINES

AGUINALDO SAYS HE IS FOND  
OF AMERICANS.

But Troops Are to Be Sent to Hold  
Him Straight—They Are to Be  
Used in Case Spain Refuses to  
Yield Dominion There—Spain's Pre-  
tensions.

Washington, Sept. 19.—[Special]—There is no longer any anxiety as to the ability of the American forces at Manila to maintain their position. It is announced that Aguinaldo has merely "retired to deliberate on the situation," but there is no doubt of the results of his deliberations. He has been convinced by means partly persuasive and partly heroic, that further resistance to the Americans would involve him in serious difficulties, and inevitably defeat his ambitions. There is talk of driving him from the country, but such a plan does not find many supporters. It is believed that the easiest way to suppress him is to take advantage of his ambition and cupidity. If he can be assured of a position of prominence under the new government to be established by the Americans it is believed he will be content and loyal. A fat government position—perhaps that of governor under the American protectorate—will, it is believed, satisfy him and remove all further danger of a native rebellion.

The statement is made in a positive manner by the war department that the order for the reinforcement of Gen. Otis is not caused by the receipt of alarming advices from Manila. Acting Secretary Mielkejohn says the dispatch of troops is made for the purpose of raising the force in the Philippines to twenty thousand as contemplated months ago. He declares the situation in Manila is entirely satisfactory. The reinforcement will be sent across the Pacific as soon as ships now on the way from Manila reach San Francisco. That will probably be within two or three days. Besides the regularly organized regiments, four companies to fill vacancies in organizations at Manila will be sent from the Pacific coast.

The New York Post's Washington special says army authorities are greatly excited over the situation in the Philippines. General Otis has telegraphed that the aspect is menacing, and that Aguinaldo is adding to his force, now having within call thirty thousand men.

## CUBA'S CAPACITY ON TRIAL.

Will Shortly Be Called Upon to Prove  
Her Right to Self Government.

Washington, Sept. 19.—[Special]—A test of the Cubans' capacity for self-government will soon be had. As soon as the Spanish troops have evacuated the island an election for president of the new Cuban republic will be held. There are four candidates for the position—Bartolome Maso, Mendez Esparte, Jose Miguel Gomez and Calixto Garcia. Each has considerable strength, and it is impossible to tell at this time which will receive the largest number of votes. If the election shall pass off without disturbance, and the successful candidate shall assume the presidency and exercise its duties unopposed, a victory for good government will have been won, but if rioting attends the election and rebellion against the expressed will of the people at the polls ensues, the situation will be grave, and may call for the interposition of the American troops. There are grave fears that the experiment of independence will prove a failure, for the Cubans are slow to learn that submission to the will of majority is the first duty of citizenship. Few here who know the Cuban people are sanguine that they will be any better than their Spanish-American brethren of Central America, who are in a state of perpetual revolution.

## WHY TROOPS GO TO MANILA

Difficulty Expected Over the Proposed  
Cession of the Philippines.

Washington, Sept. 19.—[Special]—There is a state secret behind the orders issued for the dispatch of more troops to the Philippines. It is believed that the Spanish peace commissioners at Paris will flatly refuse to cede any portion of those islands to the United States, as public sentiment in that country is strongly against the surrender of any more territory than that embraced in the West Indies. The United States must be in a position to enforce compliance with its demands, and hence the reinforcement of the army under Gen. Otis. The troops are being nominally sent to resist the encroachments of Aguinaldo, but no one believes there is any danger from him. His capers have furnished the desired excuse, however, and Gen. Otis will be prepared to enforce by arms the demands of the Paris commissioners.

## LONG VOYAGE FOR BATTLESHIPS

The Oregon and Iowa Will Start For  
Manila, September 27.

Washington, Sept. 19.—[Special]—September 27 is fixed as the day for the departure of the battleships Oregon and Iowa on their long voyage to Manila. They will be accompanied by five colliers.

## ARRANGING PORTO RICO AFFAIRS

American Troops Replace Spanish Gar-  
risons at Many Points

Ponce, Sept. 19.—[Special]—De-  
tachments of American troops were sent

today to garrison the places not held by the Spanish. A hundred and sixty prisoners were turned over by the Americans to the Spanish commander at Abonita this afternoon. The yellow fever scare is subsiding.

## GEN. RUGER WILL NOT GET IT

Will Not Be Asked to Serve on the Army  
Investigating Commission

The name of Gen. Thomas H. Ruger, of Janesville, was under consideration by President McKinley as a member of the board of inquiry of the conduct of the war department during the recent conflict with Spain, but there is now little prospect of his appointment. Gen.

Scotfield's declaration of the chairman-ship of the commission was based upon the theory that he did not think it proper for a retired army officer to sit in judgment on other army officers in such an investigation as this one promises to be.

The president's acceptance of this as one of the reasons why he should excuse General Scotfield would necessarily prevent him from offering a place on the committee to any other recently retired officer of the regular army, and hence it is not probable that Gen. Ruger will be asked to serve.

## LAYS IT TO INEXPERIENCE

Secretary Alger Is Anxious For An In-  
vestigation of Camp Conditions

Cincinnati, Sept. 19.—[Special]—Secretary Alger and Surgeon General Starnberg arrived here this morning and will inspect Fort Thomas Camp today. In an interview the secretary said he would pledge his word that any furloughed soldier would not be court-martialed for talking of camp conditions or airing his grievances. He wanted the whole truth known and made public. He said the executive officers of each regiment were responsible for the trouble caused by neglect of sanitary regulations, and that general inexperience and reckless exposure to unnecessary risk were the causes of all army trouble.

## WILL TAKE FULL POSSESSIONS

Americans to Assume Control of Cuban  
Ports At Once.

Havana, Sept. 19.—[Special]—Preparations have been made by the American evacuation commissioners to take immediate possession of the ports of Bahia Honda and Jucaro. Blanco favored the concession in order to avoid future trouble concerning the importation of food free of duty. The Americans will now introduce food freely and distribute it under their own flag.

## SPAIN'S PEACE COMMISSIONERS.

They Will Try to Secure Payment of the  
Cuban Debt.

Madrid, Sept. 19.—[Special]—The ministers charged with the drawing up of instructions to be observed by the peace commissioners met yesterday. According to semi-official reports the payment of the coupons of the Cuban debt is assured. Spain is attempting to secure a loan through the Rothschilds.

## TROOPS FOR MANILA.

Detachment of Men Ordered to Sail from  
San Francisco at Once.

Washington, Sept. 19.—[Special]—Adjutant General Corbin today wired instructions to the commanding general of the department of California directing the following regiments to be sent to Manila at once: Fifty first Iowa, Twentieth Kansas, First Tennessee, First Washington, a detachment of the Second Oregon.

## AGUINALDO IS PLEASED.

Says His Relations With The Americans  
Are Most Satisfactory.

Manila, Sept. 19.—[Special]—Aguinaldo has issued a statement declaring that the reports of strained relations between the insurgents and Americans are malicious falsehoods, circulated by enemies of both parties. He says his relations with and confidence in the Americans continue of the friendliest nature.

## TAKES A NEW POSITION

Transfer Of Senators Upon the Inter-  
national Commissions

Washington, Sept. 19.—[Special]—The president today appointed Senator Faulkner, of West Virginia, a member of the Canadian commission, vice Senator Gray, to accept a place on the peace commission.

## WILL ENJOY A VACATION

Judge Bennett Has Adjourned the Cir-  
cuit Court Till October 3.

The circuit court of Rock county was adjourned this morning till Monday, October 3, and Judge John R. Bennett will enjoy a well deserved rest. Business in the circuit court has been brisk during the past few weeks, and the number of cases that have been disposed of has been many and important. Divorce matters have been about as numerous as ever.

## GOLFERS ARE BACK FROM MILWAUKEE

WELL PLEASED WITH THE  
SATURDAY GAME.

Excellent Showing Made Against the  
Milwaukee Experts In the Trials  
Of Skill Over the Country Club  
Links—Details As to Individual  
Play.

Janesville golfers enjoyed their visit to Milwaukee thoroughly. They were very hospitably received, and came back very well pleased over the showing they made against the crack Milwaukee team on a strange links. The several matches resulted as follows:

MILWAUKEE.	JANESVILLE.
Louis Allis.....	J. C. Wilhoar.....
L. T. Boyd.....	F. E. Fife.....
H. Vose.....	J. P. Baker.....
E. C. Keene.....	H. H. McKinney.....
O. C. Fuller.....	C. C. MacLean.....

Total.....12.....1

In commenting on individual playing The Sentinel says:

1. L. T. Boyd came in two up to the first round, but failed to hold his lead. Mr. Fife gained four on the second round which made him two up. The score:

J. E. Fife.....	6 5 7 7 5 5 6 4—32
First round.....	4 5 6 5 5 7 6 3—45
L. T. Boyd.....	5 4 5 6 6 5 5 4—39
Second round.....	4 5 6 7 6 5 4 5—47

It looked rather dubious for Milwaukee with their best players defeated, but Hamilton Vose, the "terror of the links," who played against J. P. Baker, again saved the day by ending ten up. Mr. Vose came in the first round four up, but it usually takes him about nine times before he gets started, so on the second round he thought that he had better add six more holes to his credit, which he did and ended ten up. The score:

Hamilton Vose.....	3 4 5 6 8 6 6 7 4—49
First round.....	3 4 5 6 7 6 5 5 4—49
J. P. Baker.....	4 5 7 7 6 6 7 5—55
Second round.....	4 5 7 8 6 5 7 6—55

The next match was between F. B. Keene and H. H. McKinney. The Milwaukee captain ended three up the first round. Mr. McKinney gained one in the second round, which left the "poet laureate of the links" two up. The score:

F. B. Keene.....	2 5 6 7 5 6 6 5—50
First round.....	5 4 6 8 8 6 6 5—45
H. H. McKinney.....	4 5 6 6 7 8 7 7—53
Second round.....	4 7 6 8 7 7 7 5—53

The last to come in were C. C. MacLean and O. C. Fuller. The "bonnie laddie" ended the first nine holes up but this did not bother Mr. Fuller, who gained four holes on the second round, the match ending all square. Mr. Fuller has a habit of doing this kind of thing. It has happened several times in team contests this season. He is a hard man to defeat and usually plays his second round the better of the two. The score:

C. C. MacLean.....	4 5 7 7 6 5 6 3—45
First round.....	4 5 7 7 6 5 6 3—45
O. C. Fuller.....	4 6 8 8 5 6 5 4—51
Second round.....	4 6 8 8 5 6 5 4—51

## WERE MARRIED IN OKLAHOMA

Janesville Bicycle Dealer Makes a Long  
Trip for a Wife.

Tremont C. Randall, of this city, and Miss Grace A. Newell, of Yukon, Oklahoma, were married at the home of the bride last Wednesday. Local friends of the groom were well aware of the fact that he had left town, but were not informed that he had purchased a ticket for far-away Oklahoma, and that it was his intention to bring back a wife.

The bride is a most accomplished young lady, and is one who has the respect of a large circle of friends. The groom is a well known local business man, who for the past few years has been manufacturing bicycles in this city.

Mr. and Mrs. Randall will be at home after October 14, in this city, at 203 Glen street. Janesville friends extend congratulations.

## INTERMENT IN WYOMING

Mrs. Withington Has Been Notified of  
Funeral Arrangements.

Mrs. J. A. Withington, who resides at No. 6 Park street, has been notified that her son, who recently died while a member of Col. Torrey's Rough Riders, will be buried at his former home near Slack, Wyoming. No additional particulars regarding his death or the arrangements made for his burial have been received by the afflicted mother.

When a Gazette representative called on Mrs. Withington he found her wrapped in sorrow. On a stand in her sitting room was a photograph of her boy taken in military costume prior to his leaving home. A letter was also received from him that was written but a short time ago. He stated that he was ill, but that his sickness was only a slight attack and was not of such a nature as to cause alarm.

## Long, Youngs Two Reports.

Hingham, Mass., Sept. 19.—Secretary of the Navy Long, who returned Saturday from Washington to seek rest at his old home, discussed the affairs of his department and the reports that he had been offered the position of ambassador to Great Britain and had in turn recommended Gov. Wolcott for the place. To both these reports he registered an emphatic denial.

## EDGERTON TEAM WINS THIRD GAME

WAUPUN BOYS WERE AGAIN  
DEFEATED.

Well Played Contest Took Place In  
Waupun Yesterday—Edgerton Gets  
the Six Hundred Dollar Purse By  
Winning All Three Games—Had  
the Best Team.

At Waupun yesterday afternoon the Edgerton base ball team defeated the Waupun nine making three straight games to their credit. The score was 2 to 1. The ideal day brought out a large crowd and it was quite evident that the majority of those present were anxious to see the Waupun boys safely through the contest.

Since their defeat in this city last week the Waupun members and backers have had but little to say. The thought of their forfeiting \$400 on the outcome of the games played in Edgerton and Janesville put a damper on the contest in Waupun yesterday as far as any large amounts of money being placed on Waupun was concerned. Edgerton backers were there in high glee with plenty of ready cash and although several bets were made no extra large sums were to be had by the Edgerton boys.

## Made a Clean Sweep.

The ending of yesterday's contest was the means of adding another \$200 to the treasury of Edgerton's team, making a total of \$600 they have secured by winning the three games. Manager George Wilbur, of the Edgerton team, who is a resident of this city, is to be congratulated not only in his method of work but in showing his good judgment in getting together such an aggregation of all around good players. It is doubtful if any team in this section of the country is too big game for the Edgerton team to tackle. And backers of the Edgerton nine say that this includes the Milwaukee league team.

## Detroit Play Here.

In reference to the closing of a game in this city with the Detroit league team, Manager Cunningham says that nothing now stands in the way. The game will be played at Athletic Park Friday between the Edgerton and Detroit team.

## PROMISE A SENSATION

Startling Developments Predicted in the  
Bridgeport Murder Mystery This  
Afternoon.

Bridgeport, Conn., Sept. 19.—[Special]—The police this afternoon are working on an important clue in the Yellow Pond murder mystery. There promises to be startling developments within a few hours. It is believed the victim will be found to have been a New Haven woman.

## HIRED GIRLS ARE VERY SCARCE

Local Intelligence Firm Wants Twenty-  
Five Girls From Beloit.

Hired girls for housework are a scarce article in Janesville, and good girls are at a premium. Having given up all hope of securing girls in this immediate locality, a local intelligence office advertises in a Beloit paper for twenty-five girls who are asked to report in Janesville at once. Inquiry at the local intelligence offices revealed the fact that this city is at present going through a hired girl famine, and that the demand far exceeds the supply.

"We expect that the situation will be relieved somewhat by the end of the month," said one of the ladies in charge. "For then the surrounding summer hotels will close, which will throw many out of work. But then, you see, the leaf tobacco season will soon be here, which will only make the situation worse, for a girl will not work for \$3 a week when she can make \$8."

## HAS SERVED TIME BEFORE

This Is Not George Rau's First Visit to the  
County Jail.

George Rau, of Beloit, who is now occupying a cell in the Rock county jail, charged with assaulting his wife, and who will have his hearing next Wednesday in Beloit, is not a bird in this section nor is he a new comer to the county jail.

Rau was arrested some time ago and given six months here for using a knife on his own son.

The boy's wound was at first thought to be of a serious nature, but as time wore on it healed rapidly. Since his confinement here the prisoner has had but little to say.

If a case is made against him in Beloit he will no doubt return with several days hanging over his head.

## GLAD TO RETURN TO HIS HOME

Des Moines Boy Who Ran Away Glad to  
Return Home.

Hugh Kelly, the fourteen year old Des Moines, Iowa, boy who has been confined in jail in this city for several days past, was sent home this morning. A ticket arrived in the city yesterday from his parents with instructions to Sheriff Acheson to send the boy home. Kelly was charged with running away from home, and was arrested by Sheriff Acheson, who found him in company with two tramps, whom he met at Belvidere. The runaway lad was only too glad to return home, and says that he has seen all the country that he cares to.

## SIMPLY HAD THE SNAKES

Westwood of Orfordville, Says That the  
People Are After Him.

Alfred Westwood, of Orfordville, was brought to this city this morning and lodged in jail on the charge of being insane. It now appears that the man is out of his head as the result of strong drink, and that he is suffering from a bad case of tremors. When arrested in Orfordville he imagined that the whole town was after him, and that they meant to do him harm.

Westwood is a firm hand, and unmarried.

## THE TRIP POSTPONED

The Emperor William Will Not Go  
to Jerusalem at the Appointed  
Date.

Constantinople, Sept. 19.—[Special]—It is rumored that the Emperor William will postpone his visit to Jerusalem. Weighty concerns of state have interfered with his plans—presumably the necessity of joining with other potentates in the effort to exterminate the anarchists. The assassination of the empress of Austria is more keenly felt in European court circles than has been admitted, and apprehension fills the minds of all those in authority.

## THE DREYFUS REVISION

The Commission to Decide the Case  
Will Consume Ten Days in  
Its Deliberations.

Paris, Sept. 19.—[Special]—It is expected that the commission to examine the matter of a revision of the Dreyfus case will be in session ten days, commencing September 21.

## FIFTY WERE INJURED

Street Car Accident At Bradford, Eng-  
land, Results In the Mourning  
of Many.

Bradford, England, Sept. 19.—[Special]—An electric car was derailed while ascending a hill today. Fifty were seriously injured, many of whom will die.

## PATRIOTIC Y. M. C. A. SERVICE

Dr. J. B. Whiting Addressed the Soldiers  
Of Our Two Wars.

At the Y. M. C. A. building yesterday afternoon a rousing meeting was held in the nature of a patriotic gathering in honor of the members of Co. A, First Wisconsin regiment.

When the meeting was called to order there was an audience numbering fully two hundred present. Grand Army veterans were there in goodly numbers, but the heroes of '98 were noted for their absence, there being not more than a dozen present in charge of Captain Hanson.

Dr. J. B. Whiting was the orator of the occasion, and the thrilling address he delivered was most inspiring. He spoke particularly of the heroes of '98 and the Grand Army veterans, and his address brought forth loud applause. Dr. Whiting never fails to please.

## PREACHED TO THE VETERANS

Rev. E. M. McGinley Delivered An Able  
Sermon Yesterday

Grand Army veterans of W. H. Sargent Post No. 20 enjoyed a rare treat yesterday by attending services at St. Patrick's church.

Several days ago Rev. E. M. McGinley extended to the soldiers a cordial invitation to attend divine services within his sacred edifice. The invitation was at once accepted and yesterday morning at 10 o'clock the veterans met at their hall and marched in a body to the church. Within the church special seats, well up in front, had been reserved for them.

The rare treat promised them came in the nature of one of the best sermons that the gray haired veterans of the days of '60 have ever had the pleasure of hearing. There was nothing neglected. The talk to the veterans was timely and all present expressed themselves highly pleased.

## DIXON GETS A CONTINUANCE

The Larceny Charge Against Him Will  
Be Heard Next Thursday.

When the case of the state of Wisconsin vs. Benjamin Dixon was called in the municipal court this morning it was adjourned by consent till September 22 at 9 o'clock. Attorney John Cunningham has been engaged to defend the prisoner.

Dixon was arrested last week by Chief Hogan on the charge of stealing a silver watch from C. A. Lohman, of this city, on the night of Labor Day, September 5. The complaining witness says he lay down on the ground and went to sleep, and that when he woke up the watch was gone. It is claimed by the police that the watch was pawned, and that Dixon knows more about it than he cares to divulge. In default of bail in the sum of \$350 he went to jail.

Men and women who are broken down, discouraged, suffer with pain and disease, should use Rocky Mountain Tea. Makes people well. 35 cents. Smith's Pharmacy, next P. O.

EMBROIDERED front night robes for men 50 cents each. Zeigler.

## HELD TO BAIL FOR DISHONEST DEALING

PRESIDENT OF MILWAUKEE  
ASSOCIATION IN TROUBLE.

Sent to Jail in Default of \$15,000 Bonds  
—Was So Ill He Had to Be Taken  
to Court in a Carriage—He  
Is Said to Have Embezzled  
\$10,000.

Milwaukee, Wis., Sept. 19.—[Special]—John Harvey Meyers, president of the wrecked Home Building and Loan Association, which went down with a crash some weeks ago, was this morning brought before the police court on the charge of embezzling \$10,000 of the associations funds. His arrest was the result of a charge made against him by George S. Scott, one of the directors. The prisoner waived examination and was bound over to the next term of court in \$15,000 bail in default of which he was remanded to the county jail. Meyers has been quite ill, and was conveyed to court in the carriage.

## WANTS TO BE ANNEXED

San Domingo Wants to Come Into the  
Union to Save Itself From  
Bankruptcy.

New York, Sept. 19.—[Special]—According to citizens of San Domingo now here the little republic wants to be annexed to the United States. Its financial and industrial affairs are in a critical condition and it sees in annexation its only salvation.

## HITCH IN DISARMING

Another Disagreement Prevents the  
Completion of Mussulman Dis-  
armament in Crete.

Candia, Sept. 19.—[Special]—The disarmament of the Mussulmans has not yet begun. The Turkish military commander demanded that the arms be surrendered aboard a Turkish vessel, but the British admiral insists that the arms be delivered over to him.

## FORECAST OF WEATHER

Chicago, Sept. 17.—[Special]—Fore-  
cast for Wisconsin:

Partly cloudy, rain tonight, Tuesday.

## CONDITION OF SICK SOLDIERS

All Of the Ailing Improving As Fast As  
Can Be Expected

Lieut. F. C. Bloedel, who is now at Oconomowoc visiting his parents is on the sick list. He is suffering with a severe attack of malaria and obliged to take to his bed. His illness is not of a serious nature and his recovery is only a matter of a short time.

Privates McQuade, Meason, Simmons and Snyder who are now at a First ward boarding house are on the improve. They were suffering as the result of fever.

Private Stewart, who has been dangerously ill during the past few days, was reported as being much better today.

Private Sheldon who has been confined to his bed since his return from the south was able to sit up yesterday.

## IMPROVING JACKSON STREET

The Work of Macadamizing Is Now Al-  
most Completed

The work of macadamizing that portion of North Jackson street from Wall to Washington street is progressing at a rapid rate, and the present indications are that the entire job will be completed by the end of this week.

Cape & Sons, of Racine, who have the contract in hand, have completed the work as far north as Ravine street, and the workmanship is fully up to the specifications, which call for an 8 inch depth in the center and four inches on the sides.

From Ravine to Washington street the work is now well under way and will be rushed to completion.

The improvement as a whole will be a most noticeable one for that section of the city.

## Mrs. Frances E. Stevens

Mrs. Frances E. Stevens, wife of George B. Stevens died Sunday night at 9:30 at the family residence 319 South Main street. She had been in poor health for some time but her death was a shock to her many friends about the city.

Mrs. Stevens was nearly sixty years of age, being born in Dugby, Oswego county, New York,

ALWAYS IN THE FRONT OF PROGRESS

ADVANTAGES OF AFTERNOON OVER MORNING PAPERS.

All Important Events of the Late War First Given to the Public By the Evening Papers—They Occupy a Field Their Morning Rivals Cannot Enter.

The Janesville Gazette has reason to be proud of its record as a news gatherer during the war period just ended. Fortune has favored it to some extent, for nearly all the important events during the conflict have occurred at an hour of the day which enabled it to secure the first and the fullest intelligence. Its own efforts have been directed towards the improvement of the advantages that have naturally fallen to its lot.

Not only in Janesville but throughout the entire country the evening newspapers have had an advantage over their morning contemporaries. The Jersey City Journal says that hardly an important incident of the war but has found its way to the public first through the columns of the afternoon papers, and the morning news despite the fact that it was rewritten, sometimes under the guise of special dispatches, has contained little of fresh interest from that of the night before. Since the afternoon papers have had thought and money expended on them, they have shown by their success that the reading public finds more interest in the news of the evening, and more opportunity to read than does the morning reader.

The evening newspaper, too, has a longer and more far-reaching life. The morning paper goes from the home to the office. The evening paper goes from the office to the home. Discarded papers are almost always morning editions. Few evening papers are found lying around loose, and yet unless signs fail, the evening papers in and around New York probably exceed in circulation the morning sheets.

Commencing on this subject the Boston Transcript says: "The value of the evening newspaper is not exhausted when it has given the news of the hour, or has helped the business man over the tedium of travel from his office to his home. Copies are seldom found littering the seats of steam or electric cars, as it is taken to the house for perusal by the whole family. Of course, the evening is the time when it can be most thoroughly read and discussed. More over, so rapid has become every medium of intelligence from world's end to world's end that the evening paper is more favorably circumstanced than its morning contemporaries for keeping pace with the genuine news of each day.

The facilities for extracting the best essence of the world's history for the day, and the world's thought upon passing events, have been brought to such a high state of development that it is enabled to keep even pace with daily events, furnishing a brief resume of such morning news as may have been expanded by other sheets beyond real value, and keeping the record clear and unbroken.

When it takes its readers into its confidence it is at a time when the cares and worries of business have been put aside for the day, or if not, it helps to put them aside and enables the reader to keep in liarsure touch, not only with the current news, but with art and literature and those other larger and deeper interests of life for which busy people have small inclinations as they are about to plunge into the work of the day."

**Dreadfully Nervous.**  
GENTS:—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleared my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

MANY WENT TO DEVIL'S LAKE

A Goodly Number of Excursionists Visited The Resort Yesterday.

Twenty excursionists from this city took advantage of the \$1.50 rate yesterday and visited Devil's lake, where they spent the day.

For such a delightful day the crowd was not a large one. The excursion train was over the Chicago & Northwestern road and left here at 9:10, returning at 8:30 in the evening. When the train reached the lake it had aboard about three hundred.

All who went report a most delightful time. It is said that this is the last excursion from here to that popular resort this year.

**Farmers to Meet in Texas.**

Port Worth, Tex., Sept. 19.—This city is arranging for the entertainment of the National Farmers' congress, which holds its eighteenth annual session here Dec. 6 to 14. The delegates at Detroit last year from Pennsylvania, Illinois and New York represented the ownership of over \$30,000,000. The meeting here will be one of the most interesting ever held.

ROCKFORD CLERGYMAN TALKS

Rev. L. D. Sears, Fifth the Pulpit of the Baptist Church.

At the Baptist church yesterday morning Rev. L. D. Sears, of Rockford, preached from Pastor Kempton. His text was in Heb. 12:29.

There are in the bible many seemingly contradictions, things that are hard for us to understand. It is not for us to know what God is, but what our relations are to our God. We are all in trial and we need help from our God.

Notice first that these words are a message of warning. God is a God of separation. We must be separated from our sin as fire separates the various parts of the wood from each other. Separation is even going on now in this world. Those who love God must separate themselves from the worldling. He must be in the world and yet not of it.

Again fire destroys. He who would not love God and be connected to him as a part of the vine, must be cast out from God forever. Eternal life is eternal union. Loss of eternal union means eternal separation from God. In this text there is not only warning and destruction but there is also a word of grace here. This is our God. Fire destroys and separates but it also purifies, so our God is not just just but he is a God of love. He is our God and he will purify his people. How much we need it. How much fire it may need to purify us from our sins. It is a loving father that permits the fire to separate us from sin and purify us.

"Our God is a consuming fire." This is a message to us because fire consumes and separates and purifies. May we heed God's message.

In the evening Mr. Kempton gave the fourth of his series to young people. The subject was "Ambition" and it was lauded in his masterly manner, to a large congregation.

ASTHMA CAN BE CURED

A Noted Physician Will Prove This to Sufferers in Janesville, Thursday

The progress of modern medical science has led to the discovery of successful methods of treatment for most of those maladies once regarded as incurable. Asthma has always been regarded as belonging to this obstinate class, baffling the skill of the greatest physicians. Thousands of sufferers know by their own experience that little if any relief has been afforded them by the methods heretofore employed. Dr. Rudolph Schiffmann, the noted physician, has, after a life-long study of asthma and kindred diseases, discovered a remedy which not only gives instant relief in the severest cases of asthma, hay-fever and bronchitis, but has actually cured thousands whose cases had been pronounced incurable. So complete is his confidence in his remedy, that to overcome the skepticism of the public growing out of the failure of other remedies, Dr. Schiffmann requests this paper to announce that all day Thursday, Sept. 22nd, he offers a liberal sample box of "Schiffmann's Asthma Cure" free of charge to all persons applying at E. B. Heinstreet's drug store, 9 North Main street. He believes that an actual test will be the most convincing and in fact the only way to overcome the natural prejudice of thousands of asthmatics who have heretofore sought relief in vain. Persons living out of town will receive a package free, postpaid, by writing direct to Dr. R. Schiffmann, 315 Rosabel St., St. Paul, Minn., before Sept. 30, as no free samples can be obtained after that date. Send simply your name and address plainly written on a postal card.

OPENING OF THE STATE FAIR

Everything in Readiness For the Exposition This Week.

Everything is in readiness for the opening of the state fair in Milwaukee and the prospects are that the weather favoring, it will be one of the most successful in the history of the state. The display of cattle is the finest that has ever been exhibited in this state and there are a large number of herds still to arrive today. The arrival of horses, sheep and swine has not been so large but it is expected that the pens will be filled up today, and these departments will keep pace with the display of cattle. All the pens have been taken. In the art department there will be upward of 300 pictures of Wisconsin scenery grouped along the west side of the building. These pictures are in water colors, in oil and in black and white. The exhibit is made by the Milwaukee Art Students' league, which is in the fourth year of its existence.

**No-To-Bac For Fifty Cents.**  
Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. All druggists.

Recitation.....Miss Leo Proctor  
Address.....Captain Thos. Norcross  
"America".....Audience  
D. Q. Stark, of La Prairie, canvassed the town for subscriptions for the purchase of the flag, and all contributed to the fund.

Many of the wheat wafers will not distress the weakest stomach; the injurious part of the wheat kernel is entirely removed. We sell a great quantity of this breakfast food; 10c per package. Sanborn.

WILL RECEIVE THEIR PAY

Wisconsin Soldiers Will See the Paymaster Before the Mustering Out.

Milwaukee, Sept. 19.—Many of the men of the returned Wisconsin regiments are anxious to get their pay before the expiration of their furlough, or such time as they are mustered out.

The First National Bank of this city has offered to advance the money to pay the soldiers, provided the assent of the paymaster general is given and the captains of the different companies indorse the rolls as correct.

Governor Scofield will take the matter up with the war department and endeavor to secure the consent of the paymaster general to this plan. Should he be successful the men will receive their pay at once, instead of waiting a month or more.

As many of the soldiers are without means and depend upon their pay to meet ordinary expenses, the governor will make an earnest attempt to secure the consent of the department.

CONSIGNED TO THE TOMB

Funeral Services Over the Remains of Andrew Schaller and Mrs. Connell

From St. Paul's Lutheran church services were held yesterday afternoon at 2:30 o'clock over the remains of the late Andrew Schaller. At 2 o'clock brief services were held at the Linn street residence. At the church Rev. C. J. Koerner officiated, paying a glowing tribute to the deceased.

The sacred edifice was filled with friends of the deceased and the floral offerings were many and beautiful. At the close of the services the remains were interred in Oak Hill cemetery.

Funeral services over the remains of the late Mrs. Thomas Connell were held from St. Patrick's church Saturday. Father J. J. Collins officiated and a large number of friends were in attendance. The interment took place in Mount Olivet cemetery. The pall bearers were Patrick Collins, John Birmingham, Walter Hart, John Foster, Patrick Gagan and Thomas Joyce.

DIOCESAN CONVENTION MEETS

Janesville Representatives at the Episcopal Gathering.

The Milwaukee convention of the Episcopal church will assemble in the Green City today. Janesville churches will be properly represented. From Christ church the delegates are the rector, Rev. A. H. Barrington, and Clark A. Wilson; from Trinity church will go the rector, Rev. F. L. Mayron, J. C. Fox and Harry E. Ramous. Business of much importance to the church is expected to come before the convention.

Weekly Bank Statement

New York, Sept. 17.—The weekly bank statement shows the following changes:

Reserve decreased \$2,836,275, loans decreased \$12,130,500, specie decreased \$8,866,700, legal tenders increased \$1,071,700, deposits decreased \$19,834,500, and circulation increased \$349,000. Total loans are \$553,234,700; specie, \$128,599,800; legal tenders, \$53,357,500; deposits, \$712,967,600, and circulation, \$14,465,600. Banks now hold in excess of legal requirement \$4,240,400.

Ordered to Honolulu.

San Francisco, Sept. 19.—The gunboat Bennington has come down from Mare Island under sailing orders for Honolulu. It is expected that she may ultimately go to Samoa, though the Mohican, which has just gone up to the navy yard, is destined for the Apia station. The Bennington will relieve the flagship Philadelphia at Honolulu and the latter vessel will probably return to this city, where Commander Kautz is expected to relieve Admiral Miller.

The Rev. Dr. John Hall Dead.

Belfast, Ireland, Sept. 19.—The Rev. Dr. John Hall of New York died Saturday morning at Bangor, County Down.

Dr. Hall was on his annual visit to Europe. He died at his sister's home. His health had been broken down for more than a year. He had hoped to return to New York shortly and had engaged passage on a steamer for himself and his wife.

Early Invasion Not Likely.

Jacksonville, Fla., Sept. 19.—If an early movement in Cuba is contemplated signs here are extremely contradictory. Furloughs of twenty or thirty days are being granted to a large number of officers. Yesterday afternoon the second brigade, second division, held its first review since removal to new quarters.

Gran Antilla at New York.

New York, Sept. 19.—The Spanish steamer Gran Antilla, which arrived this morning from Havana, is the first Spanish steamer to arrive at this port since the declaration of war with Spain, April 21 last. The Gran Antilla left Havana Sept. 10 with eight cabin passengers and a small cargo.

J. Addison Porter to Resign.

Washington, Sept. 17.—Friends of J. Addison Porter, who failed to get the republican nomination for governor of Connecticut a few days ago, say he will soon resign as secretary of the president. George Cortelyou, one of the clerks, will probably succeed to the office.

Social Democracy Has Land.

Seattle, Wash., Sept. 19.—The Social Democracy of America has selected a body of land in western Washington and will establish its first colony within thirty days. The exact location will not be divulged for awhile, as the negotiations are not sufficiently advanced.

PECULIAR POISONS

GENERATED IN THE HUMAN BODY.

The Result Of Imperfect Digestion Of Food.

Every living thing, plant or animal, contains within itself the germs of certain decay or death.

In the human body the germs of disease and death (called by scientists Ptomines) are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes. And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form, all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach. They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

Italy Objects to the Pope.

Rome, Sept. 19.—The Italian government has notified the Russian government that if the pope is represented at the disarmament conference Italy will not send a representative. The matter is likely to cause serious friction between the Quirinal and the Vatican.

Criticism of Life of Bismarck.

Paris, Sept. 19.—The leading newspapers here scathingly review Herr Moritz Busch's "Life of Prince Bismarck," which was recently published. The general opinion is that both the author and his idol suffered greatly by the revelations made.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. T. on each tablet.

Campaign in Nebraska.

Lincoln, Neb., Sept. 19.—The political situation in the state has become very complicated as a result of personal charges on both sides. Senators Thurston and Allen will start their campaign this week, and the conditions are then expected to assume a more animated phase. It is already clear that the fight is on the legislative tickets and the election of a successor to Senator Allen.

Anarchists from America.

London, Sept. 19.—The Daily Telegraph's St. Petersburg correspondent says he has ascertained that Luchent, the assassin of the Austrian empress, belonged to a gang of anarchists who went from Europe to the United States two years ago and who had for their object the assassination of crowned heads. The correspondent says it is also known that chiefs of the band are still in New York.

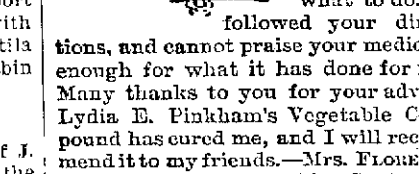

A LIVING WITNESS.

Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM:—Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, sore feeling in lower part of bowels, also suffered with dizziness, headache, and could not sleep. I wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice. Lydia B. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.—MRS. FLORENCE B. HOFFMAN, 512 Roland St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks disregarding the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia B. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

## TROOPS TO GARRISON CUBA.

Hard Problem for War Department to Solve.

IMMUNES MAY BE CHOSEN.

Military Authorities Divided Regarding Sending Regulars or Volunteers to the Island—State Influence—Expect Trouble with Cuban Guerrillas.

Washington, Sept. 19.—There is a difference of opinion among military authorities here as to which troops should be sent to Cuba. There is a feeling at the war department that if volunteers are to be used for garrison duty they should be the first sent. By using available volunteers now it would give the regulars who have been at Santiago a chance for further rest, and they would be in excellent condition to take the place of volunteers withdrawn from Cuba and Porto Rico. The regular army is comparatively small at present, the limit placed upon it by law being 61,000. The ranks are not fully recruited, but were they full, the regulars would not present a sufficient force to garrison the new possessions and retain the strength desired at home.

The pressure from the states to have the volunteers mustered out is so great that the administration is hesitating about sending a large number of volunteer regiments to the islands for garrison duty.

It is almost decided to send no regiments that show a desire not to go. This would apply to nearly all save the immune regiments. These soldiers, being picked up from everywhere, are not favored with any state influence, they are treated exactly as regulars, and will see service until no longer needed by the government. There are ten of these regiments, and every one of them will be sent to Cuba.

Torrey's cavalry, the Second cavalry, United States volunteers, will probably be sent to Cuba. Most of the troops of this regiment have no objection to several more months of army service. Most of these soldiers are plainmen from Wyoming and the northwest. It is feared here that even after the main Cuban army is disbanded there will be more or less trouble with roving bands of Cuban guerrillas, who are no better than outlaws and who will keep in the saddle and under arms as long as they can find anything off which to live. It is possible that some of these bands will have to be run down and disbanded.

## HOW TO THE INEVITABLE.

Cubans Realize That We Mean to Deal Fairly with Them.

Havana, Sept. 19.—The Cuban insurgents appear to be slowly accepting the logic of the situation and are much more docile than they have been at any time since the talk of annexation began.

They cling to the hope that when the United States has cleaned out the Spanish it will reconstruct the government of the island on the lines of Cuban independence and will ultimately recognize the insurgent government established two years ago.

Still, for the present they are convinced that the agitation for recognition will result in more harm than good to their cause.

The present program is confined to summoning all their forces to the support of their claim that they are capable of self-government.

## Morrison, Hawaii and Manila.

Washington, Sept. 19.—Gen. Merriam will arrive in San Francisco this week, and as soon as the department has communicated with him it will be decided how many troops are to be sent to Hawaii. There are 5,000 troops—volunteers and regulars—now at Presidio, Cal., and the opinion of military men in Washington is that they should be sent to Hawaii. They would be there ready to be sent to Manila.

Secretary Meiklejohn said that more troops would be sent to Manila soon, but he did not know just where they were to come from.

## Stones and Jeers for Gen. Toral.

Madrid, Sept. 19.—The public mind is profoundly disturbed. The people are agitated; the army is indignant. The generals are divided—some for the monarchy, some against it. Gen. Toral is received everywhere with stones and curses and jeers. Gen. Primo de Rivera, former captain-general of the Philippine islands, in answer to the popular outcry accusing him of embezzling state funds in his administration of the colony, has demanded a committee of investigation.

## Gen. Weld Not to Accept.

Dedham, Mass., Sept. 19.—Gen. Stephen M. Weld, who was offered a sition on the war investigating commission by President McKinley, has decided not to accept it. "I have nothing to say about the president's request for me to go on the committee, except that I have decided not to accept it. My business affairs prevent my taking the necessary time to devote to the work of the commission."

## Miles for a New Department.

Washington, Sept. 19.—Gen. Miles has recommended that a new military department be made for the troops in the West Indies. His recommendation is that Cuba and Porto Rico be under the same department. In the war office it is thought, however, to be more likely that a department will be made out of Cuba and that Porto Rico will be attached to one of the already existing departments.

## Battleships to Join Dewey.

Washington, Sept. 19.—The battleship Oregon, Capt. Albert S. Barker,

and the battleship Iowa, Capt. Silas Terry, are to start Sept. 28, according to the navy department, on their 18,000-mile voyage to Manila, by way of the straits of Magellan and Honolulu. The armorclads will be accompanied by five colliers, two of which will accompany them all the way to Manila.

## Sickness in Third Illinois.

Kankakee, Ill., Sept. 19.—Three hundred members of the Third Illinois volunteers are in the hospitals at Guayama and vicinity in Porto Rico, suffering from typhoid, malaria and bone fevers, dysentery and stomach disorders, according to an officer who has just returned from the island. The sickness is increasing, notwithstanding the regimental officers are doing their utmost to check the spread and care for the ill. The sick rate is greater than ever before and the losses from death are staggering.

## For Army Inquiry.

Washington, Sept. 19.—The president hopes to complete in a few days the commission which is to investigate three bureaus of the war department and the army camps. He has already the acceptance of six members and expects to add three more, so that the commission can divide its work among three sub-committees of three members each.

## Secretary Alger Goes South.

Detroit, Mich., Sept. 19.—After a week's vacation at his home, Secretary Alger left Sunday night on his inspection tour of southern camps and hospitals. The camps to be inspected are at Fort Thomas, Lexington, Knoxville, Chickamauga, Anniston, Ala., probably Huntsville and Jacksonville and Charleston.

## To Retain the Philippines.

London, Sept. 19.—The Daily Mail's Madrid correspondent says a long conference was held between Senor Sagasta, the premier, and Senor Montero Rios, the president of the Spanish peace commission, which resulted in the decision that the peace commission shall strenuously defend the retention of the Philippine islands by Spain.

## Gen. Wade Is Well.

Havana, Sept. 19.—Rumors that have been put in circulation to the effect that Gen. Wade, president of the American evacuation commission, is ill with yellow fever, may be denied absolutely. Gen. Wade is looking the picture of health.

## Leaving Camp Wikoff.

New York, Sept. 19.—The military camp at Montauk Point, L. I., will soon be deserted. In all, 1,400 soldiers from Camp Wikoff reached this city Sunday on the transport Chester and the ambulance boat Shinnecock.

## WINNIE DAVIS IS DEAD.

"Daughter of the Confederacy" Has Passed from Earth.

Providence, R. I., Sept. 19.—Miss Winnie Davis, daughter of Jefferson Davis and widely known and beloved in the southern states as the "Daughter of the Confederacy," died at noon Sunday at the Rockingham hotel, Narragansett Pier.

She had been ill for several weeks and a fortnight ago her ailment was diagnosed as malarial gastritis. At times her condition became very serious, but frequent rallies gave hope that she would ultimately recover.

Saturday night, however, a relapse in Miss Davis' condition was noticed and through the night she lost strength perceptibly. Sunday morning the physicians said the end was not far off and at noon death came to end the suffering, which at times had been intense.

Mrs. Davis has watched unremittently at her daughter's bedside, and she is bowed with sorrow. The physician in attendance on Mrs. Davis reports that she is holding up with great calmness in her affliction, and no fears are at present entertained that her health will succumb to the strain.

## To Give Dinner to Senators.

Omaha, Neb., Sept. 19.—The total attendance at the exposition last week was 110,943. Rain reduced the average. The grand total is now nearly 1,500,000. A notable event for this week is booked for Tuesday, when fifteen or more United States senators will pay an official visit to the exposition in consonance with a senate resolution. A banquet will be given to the distinguished guests. Iowa day, Wednesday, promises to be the most popular event of the week. Reports by the railroads indicate a large attendance by Iowans, while the program is elaborate.

SENTINEL GOES TO SEED.

How the mighty has fallen! For a number of years The Milwaukee Sentinel occupied the position of the leading republican journal of the state. It kept in line with the dominant element in the party, and fairly reflected the prevailing sentiment of the party. For the past two years, however, the policy of the paper has been largely controlled by men who were not in sympathy with the state administration, and a policy of indifference for party welfare, and in some cases, open hostility, was the result.

The conduct of The Sentinel during the week just preceding the republican state convention was so ill advised, and so clearly in opposition to the will of the majority, that criticism of The Sentinel's course was drawn from many sources. Many republican papers throughout the state recognized the aim of The Sentinel, and denounced the tactics of that paper sharply. As the result these papers are now criticised by the Sentinel on every occasion, no matter how trivial. The Gazette is on the list, and is glad of it. The Gazette stands by every proposition it has made with reference to The Sentinel—and several countries are yet to be heard from. The Sentinel realizes the fact, and in dealing with The Gazette, becomes so desperate that it must descend to personalities and abuse.

The Sentinel's vision has become so distorted that it sees in The Gazette greater possibilities than The Gazette, with all the hopefulness it can muster up, can see itself. To The Sentinel The Gazette assumes lofty proportions, and is made responsible for the management of the government and federal and state institutions of boundless magnitude. The Gazette knows that it is a good newspaper, because people come into the office every day and say so. But we had no idea that we were as big as The Sentinel says. Therefore The Gazette appreciates the compliment and says "Thank you."

Poor old Sentinel! Still a great newspaper, but with no editorial influence! Once the proud leader of men, but now simply the personal organ of malcontents! You have our sympathy!

WHERE THE FAULT LAY.

There has been much talk during the war because the American soldiers were handicapped by being compelled to use black powder instead of smokeless. The Army and Navy Journal explains the situation as follows:

"An army officer has said that although a year and a half ago the department had asked for \$1,500,000 for smokeless powder, congress had appropriated only \$65,000. It was on this account that the administration at the beginning of the war was unable to get smokeless powder for the Springfield rifles. The black powder plants were not willing to go to the expense of changing to smokeless powder unless contracts were forthcoming, and there was no money on hand upon which to base these contracts. After the war began, the work of changing to smokeless powder began promptly. The result is that practically no black powder is now man-

ufactured in the United States, and there are six smokeless powder plants busy under contracts already let by the United States. Purchases have also been made abroad. Appropriations have been made and used as follows: For field and siege ammunition, \$707,400; for sea-coast powder and projectiles, \$3,015,618; for small arms, \$237,000 and ammunition for small arms, \$4,200,000. Total, \$8,160,018."

The Beloit Free Press says: "It is laughable to witness the efforts of the Recorder to say something real mean of Billy Appleby, while all the time it knows that he is one of the best fellows on top of the earth, and besides, made as good a sheriff as Rock county ever had, and a long sight better than a good many of them. The people of Rock county, most of them at least, personally knew Mr. Appleby and they just laugh when any one tries to say thing real mean—in a political sense—of him. With him, this time, it's a case where the office sought the man in a large degree, and the Recorder likes him just as well as the rest of us."

The Recorder heads the compliment paid us by The Milwaukee Sentinel. "Sentinel is Saucy." We admit that The Sentinel called us a "liar and a thief," but we must take issue with The Recorder when it characterizes such language as simply "saucy." There are other words that would have been more appropriate.

The Gazette is the most widely advertised newspaper in the state these days. Rates will not be raised, however. The price will remain the same, and the advice as to the proper time to become a reader of this paper still holds good.

And The Gazette will continue to maintain that The Chicago Inter-Ocean is an excellent authority on the subject of Wisconsin politics.

And all of this: "With malice toward none, with charity for all, with firmness for the right, as God gives us to see the right,"—A. Lincoln.

The enormous sale of "T & T" brand coffee are principles among those who enjoy the best things of life and will not have an inferior grade.

Baby's Head.

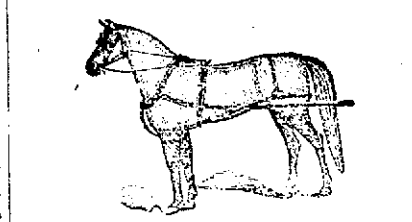

Many little babies have a tendency to an irritation of the scalp which is so common that one would almost fancy it was unavoidable. If the mother will give the matter her personal attention there is no reason why her baby's head should be disfigured by the unsightly eruption known variously by the disagreeable names of "cradle-cap," "milk-crust," and "scurf." When the first symptom of redness or a scaly condition of the scalp appears, the head should be regularly anointed each night with vaseline, which must be gently rubbed into the skin. This is to remain on all night, a large piece of soft linen protecting the pillow from grease. At the time of the morning bath the head is to be thickly lathered with old castile or tar soap, and then washed in warm water containing a little borax. In the first stages of the eruption this treatment will generally suffice, but if the yellowish crust has already formed, it may be easily removed with the towel in drying the head after the treatment just described. Any mother who has seen an otherwise pretty baby disfigured by a sore or irritated scalp will willingly take this trouble to keep her baby free of the palady.—Harper's Bazar.

Fatal Competition Among Plants.

A striking instance of the fierce and fatal competition which goes on among plants is found in the case of the Brazil nut. This fruit contains from fifteen to twenty seeds, which all germinate at one time. The most vigorous one gets first through a small hole at the top to the open air, and thereupon it strangles the rest and feeds upon them.

## STORES WILL OPEN EVERY EVENING

### GROCERS WILL ABANDON EARLY CLOSING PLAN.

Many Demands Made By City Trade As Well As By Out of Town Customers.—The Agreement to Keep Open Evenings Will Take Effect At Once.

Hereafter all the down town groceries will keep open evenings.

The new plan takes effect at once.

It has been felt for a long time that people living outside the city would prefer this arrangement. Many who prefer to trade in Janesville are unable to take time during the day when harvesting or other pressing farm work is under way. Being obliged to trade at night they have gone of necessity to Beloit, Edgerton, Milton and the small general stores where early closing has not been introduced.

Hereafter this will not be the case.

Janessville grocery stores will be open six nights in the week and the wants of traders will be supplied.

"There has been a demand for late closing among our city trade as well as among our country trade," said a prominent Milwaukee street grocer this morning. "Many of our customers have spoken to us about the matter, and we are satisfied the change will be for the better. It is in a great measure to accommodate out of town people, however, that the new move was made."

"Janesville has had the reputation of being dead after 6 o'clock at night," said another merchant. "I am glad it is not to be so any longer. It would be a good thing if other firms would follow the example of the grocers, instead of trying to keep banking hours. They act as if people ought to feel tickled to death to get a chance at their goods whatever the hour."

## LIQUOR CURE

A Janessville Institution That Has Won the Confidence of the People.

So many men in this city and vicinity have been successfully treated and permanently cured at the Hargreaves Institute, Room 1 Jackson block, that it is now generally endorsed by our citizens. This institute has proved its claims to cure the liquor habit in all its forms, and the evidences are to be found on every hand. No publicity or parade of patients, but scientific, careful treatment and a genuine cure.

The Greatest Shaft in the World.

Mining shafts are, and have been since their first use, objects of more or less speculation and wonder not unmixed with awe. The frightful disasters that they have witnessed, the swallowing up of human beings by thousands going down into the very heart of the earth never to return, has thrown a peculiar sentiment around them. The depth of a shaft is not always its most remarkable feature, as many other things operate to make it interesting. There has just been completed, however, a shaft in the Hecla mine which is the greatest work of its kind in the entire world. It is 4,900 feet deep, a distance that one can scarcely appreciate without deep study and comparison. It is made up of compartments of which there are six. Four of them are used for the ordinary hoisting work, one is devoted to pipes and wires for the compressed air, the water and the light. There are enormous pumps which clear the mine of water, power drills and other apparatus operated by electricity and compressed air. It is not very far from awe-inspiring to stand at the mouth of this great shaft and realize that it penetrates about 5,000 feet into the very vitals of this earth.

New Cotillion Figures.

A new cotillion figure is danced in London. It requires but a couple of shillings, which are tossed in the air—the lady having decided whether she intends dancing with "heads" or "tails." Our silver quarters answer the same purpose. A second figure is amusing. An aperture is made in a Japanese screen for the lady to look through, her eyes only showing. The man who guesses her identity dances with her.

How He Died.

An Irishman, the son of one who had been hanged, having been asked how his father died, thus eluded the admission of the fact: "Sure, thin, my father, who was a very reckless man, was just standing on a platform haranguing a mob, when a part of the platform suddenly gave way and he fell through and thin it was found his neck was broken."—Argonaut.

Become Deacons and Elders.

Lansing, Mich., Sept. 19.—Bishop Merrill preached the Methodist conference sermon to a vast congregation Sunday morning, and at night Bishop Hartzell of Africa made a missionary address to a body equally as large. In the afternoon Bishop Merrill conducted ordination services for deacons and elders.

Austrian Consul Killed.

Fort Wayne, Ind., Sept. 19.—Chevalier Max de Proskowicz, acting consul general of Austria-Hungary in Chicago, was injured at the Pennsylvania railway station in this city Sunday evening at 9:25 o'clock, and fifty-five minutes later breathed his last at St. Joseph's hospital.

For International Action.

Rome, Sept. 19.—The government has proposed to the powers that international action be taken against anarchists.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee, evening papers sold in this part of the state.

## HEROES

ONE IS FROM THE NAVY, THE OTHER FROM THE ARMY.

Lieutenant Brumby, Who Raised the Flag Over the City—Private Finlay, Who Carried the Ammunition to the Firing Line Through a Storm of Bullets.

Hardly an engagement has there been during the whole course of the war which has not developed an American hero. In most cases there have been a number of men who have distinguished themselves. At the taking of Manila there were two men who were particularly prominent. One was a lieutenant in the navy. The other was a private in the army.

The lieutenant was Thomas M. Brumby, Admiral Dewey's flag lieutenant. What he did was not particularly heroic.

Lieutenant Thomas M. Brumby, ic, but it was an act of historic importance. He was the man who raised the first American flag in Manila.

The private was J. F. Finlay of Company C, First California volunteers. There is no flaw in the story of his heroism. Here it is:

When the fighting was fiercest and the Pennsylvanians, with ammunition nearly exhausted, lay in the trenches with the Spanish but a few hundred yards away, Private Finlay started with eight cartloads of ammunition to the relief of the Pennsylvanians. Across open fields, through which he drove, the foe rained shot and shell, but could not stop the steady march of Finlay, who knew that on his delivering the ammunition night depend the safety of many men.

Bullets fell like hail about him, killing one native driver and maiming the cart tops. Finally one of the ponies dropped, and Finlay harnessed himself to the cart and strode on. He accomplished his mission, and coming back to the camp he picked up Captain Richter of his own regiment, who was lying severely wounded. He took him and another injured man to the hospital and then returned to the front with ten carts for the wounded.

Short and simple are the annals of the heroic private. He was an obscure clerk when the war broke out, and he had never done anything heroic before in his life. Opportunities for high heroics come seldom into the region of the common. His home in San Francisco is a very modest one, but it is now occupied by a proud and happy family of Finlays. Here is what Private Finlay's mother had to say of him when she heard of his distinction:

"Francisco was always brave. His early days helped to develop strength of character. My husband, now seven years dead, built part of the Southern Pacific railroad, and the boy was born in Yuma, A. T., 24 years ago, when the frontier was a lively cradle for an infant. Here in San Francisco he became a clerk for the San Francisco Lumber company and three years ago joined Company C of the First regiment. He loved the military life, and when the call came for troops I let him enlist, though it was a sad parting. 'Mother,' he once said to me just before he bade goodby, 'I will come back with shoulder straps if attention to duty will earn them.' When I read of his brave act, I only said to myself, 'It was like Francisco. May the good God send him safe home!'

And safe home Francisco will probably come, shoulder straps and all, for

the government at Washington is arguing and sees brave deeds even when done far off under foreign skies. Lieutenant Brumby was selected to raise the stars and stripes over the conquered city not by accident, but because for long years he had served Uncle Sam on the sea faithfully and well. Lieutenant Brumby is a Georgian. He was born in Marietta, Ga., in 1855. He entered at Annapolis, from which he graduated in 1880. He was in the fearful storm at Apia, Samoa, and saved himself by swimming to shore. He has a nephew in Sampson's fleet.

NATIONAL GAME OF AFRICA. Tabulated Because It Is Considered a Game of Fate or Skill.

The game of mancala may be said to be the national game of Africa, says Fred Woods. It is most closely associated with that continent. It is found among all the tribes, and is an evidence of the essential unity that underlies all the African races. Among the Abyssinians it is played by all classes, from the king to the peasant. It is the favorite amusement of the negroes at Benin, on the west coast. It is well known among the natives of Bombay, in Java, in Ceylon, in the Malive islands and in the Malay peninsula. In Syria and Palestine cup-shaped stones used in this game are not infrequently found in old ruins. It is played by the Druses with holes made in a plank of wood; and this is the common form of the amusement in Jerusalem and throughout Syria, where it may be seen continually played in the cafes by the visitors. The children in Egypt, Nubia and Syria play it in holes excavated in the sand; and when two travelers meet on the way they frequently rest and extemporize a board of holes dug in the hard path and proceed to play with the pebbles they gather on the spot. In Palestine and Egypt shells are used in the game that are brought from the shores of the Red sea; while in Damascus pebbles are employed which pilgrims collect in a certain valley on the way home from Mecca. Games of hazard are prohibited by the Mohammedan religion. But mancala is considered a game of fate or skill, and is therefore tolerated; and in all likelihood it is diffused by the pilgrimages from Mecca throughout the Mohammedan world to the utmost limits of Arab culture. It has even reached the new world. The negroes carried it to America from their old African abodes; and at this day it is a common amusement among the negroes of Santo Domingo. There is a little Syrian colony in Washington street, New York, among whom this game may be frequently seen played on a board with rows of holes, with a handful of shells or pebbles, as a link with their native homes.

## INSURGENTS ARE DIVIDED.

Filipinos Reject Proposed Spanish-American Protectorate.

## THREE PARTIES ARE FORMED.

The One Composed of Compromise Annexationists Believed to Predominate in the National Assembly—Views of Archbishop Dozal.

Manila, Sept. 19.—The national assembly unanimously rejected a proposal looking to a joint Spanish-American protectorate or Spanish intervention in any form.

The assembly is divided into three parties, one of which favors annexation by the United States, another of which believes in absolute independence, while a third is composed of compromise annexationists. The latter appear to predominate.

### NEW RULE IS WANTED.

Archbishop Dozal Talks of the Philippine Islands Situation.

Manila, Sept. 19.—In an interview here Archbishop Dozal of the Philippine islands said:

"I earnestly hope the islands will not remain Spanish, because the rebels are now so strong that such a course would inevitably cause appalling bloodshed. The reconquest of the natives is impossible until after years of the most cruel warfare."

The archbishop also expressed the hope that the islands would not become absolutely independent, because it was certain that dissensions would occur which would result in incessant strife and a lapse into barbarism and the natural indolence of the tropical race.

The only hope, the archbishop declared, was that a strong western power would intervene now. Delay is dangerous, he said, because the people are intoxicated, vainglorious and restless.

### MAY CHOOSE HITT.

President Considers His Name in Connection with Court of St. James.

Washington, Sept. 19.—President McKinley is looking the country over for an ambassador to Great Britain. While the president has no intention of selecting Mr. Hay's successor by geographical lines, he would not be averse to taking another Western man like Mr. Hay for this work. He wants a man who will not disappoint the diplomats of Europe, and that is the kind of man he is looking for. The name of Representative Robert R. Hitt, of Illinois, has been suggested to the president as just that sort of man, and it is said the suggestion was very favorable, the principal objection being that Mr. Hitt is now in Hawaii, as a member of the commission to suggest legislation for the government of that new possession, and his presence may be very much needed in the house next winter to explain the situation and the value of the suggestions made in the report.

The name of Mr. Hitt for ambassador is received with favor here, though it is not known what would be his answer to such a summons. His health has not been robust for several years, but he has been able to accomplish a great deal of work in Congress.

The president has selected no one, but he has a very high opinion of Mr. Hitt.

### Trade Balance Is Big.

Washington, Sept. 19.—The August figures of finance and commerce issued by the treasury department show a further piling up of the enormous credit reserve of the United States. The foreign balance of trade in favor of the United States for the eight months ending with August has reached the splendid total of \$352,261,887 in merchandise. This is more than three and a half times the balance for the corresponding period of 1897.

### Bayard's Condition the Same.

Dedham, Mass., Sept. 19.—The condition of ex-Ambassador Bayard is but little different from that of last week. He is a trifle more comfortable, and is able to take some nourishment, but is slowly but surely growing weaker. Dr. Hodgden, the attending physician, says the patient is gradually wearing away, and only his wonderful vitality keeps him alive. At the outside he can hardly live more than a week longer.

Stop that cough. Take warning. It may lead to consumption. A 25c bottle of Shiloh's cure may save your life. For sale by People's Drug Co.

## ODD FELLOWS IN BOSTON.

Representatives to the Foreign Grand Lodge Given Welcome.

Boston, Mass., Sept. 19.—Odd-Fellows of the United States own this city. They have come as representatives to the sovereign grand lodge and incidentally to enjoy a week of pleasure under the direction of the grand lodge of Massachusetts. Practically all the grand lodge representatives are here preparing for the opening sessions.

Today the first sessions of the high bodies of the order will be held, with public exercises, chiefly in the nature of welcoming addresses and responses. Then the sovereign grand lodge will meet and transact routine business leading up to the election of officers, which will be followed by a banquet. The Rebekahs will also figure in the early ceremonies. While a program has been arranged for each day, that of Wednesday is the chief figure. The parade will be held then, and 15,000 are expected to be in line.

### Canada May Bar Liquors.

Toronto, Ont., Sept. 19.—Canadians all over the dominion will vote on Sept. 29 on the total prohibition of the sale and manufacture of spirituous liquors. There is a strong probability that the measure will carry. In previous years every province in Canada but French Canadian Quebec has voted in favor of prohibition by a large majority.

### Paying the Sealing Award.

Victoria, B. C., Sept. 19.—Word has been received from Ottawa that checks had been issued to the individual beneficiaries under the sealing award. The total amount is \$300,188 damages and \$172,908 interest.

### Prisoners All on the Way.

Washington, Sept. 19.—Gen. Lawton reports to the war department that all but eight of the Spanish prisoners have been shipped from Santiago to Spain.

You invite disappointment when you experiment. De Witt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache. People's Drug Co., corner Main and Milwaukee streets.

### Suspends Admiral Montijo.

Madrid, Sept. 19.—The supreme council of war has suspended Admiral Montijo, whose squadron was destroyed by Admiral Dewey in Manila bay, and has summoned him to come to Madrid as soon as possible.

### Sickness Is Increasing.

Washington, Sept. 19.—Sickness among the troops of Gen. Lawton's command at Santiago is increasing. Nearly one-sixth of his force is now on the sick list, although the number of deaths is not great.

More than twenty million free samples of De Witt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures, piles, burns, scalds, sores in the shortest space of time. People's Drug Co., corner Main East Milwaukee streets.

### No Increase in the Fever.

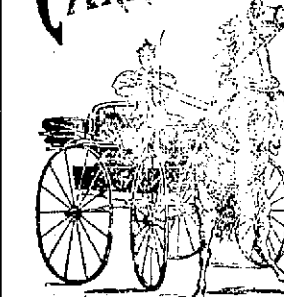

Louisville, Ky., Sept. 19.—Advice from the south indicate no material change in the yellow fever situation since the last report. The investigation of the suspicious cases in Jackson, Miss., continues, and all suspects so far have been discharged. Each north-bound train from the city carries a coach load of refugees.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure. People's Drug Co., E. Milwaukee St.

**HOLD UP A TRAIN IN IOWA.**

Bold Work of Bandits Near Council Bluffs.

**CONDUCTOR MORRIS RESISTS.**

Brave Official Nearly Pays with His Life for His Attempt to Save the Money of the Railroad Company—Robbers Escape in the Darkness.

Council Bluffs, Iowa, Sept. 19.—Conductor W. C. Morris of the Lake Manawa railway was held up and robbed by three men while bringing his train in from the lake Sunday night about 9 o'clock. The three men, who were not disguised, boarded the train at the lake and took seats in an empty car. When Morris went into the car to collect their fares one of the three drew his revolver and told Morris to hold his hands up. Instead of complying, Morris grappled with the bandit, who fired point-blank in his face. The bullet grazed Morris' neck, cutting a furrow in the skin, and his chin and one cheek were badly burned with the powder. The two other men then sprang on Morris and held him while they went through his pockets, securing \$57.

Two of the men then held Morris while the third member of the gang went through to the next car and held up four passengers, securing three gold watches and nearly \$100.

As the train reached a dark place in the road the men swung off and disappeared in the darkness. Lake Manawa is a popular pleasure resort and is usually attended by large crowds on Sunday.

**SULTAN YIELDS IN CRETE.**

Consents to Disarmament of the Moslem Population.

Candia, Crete, Sept. 19.—The sultan has been brought to see that trouble for himself will be avoided by complying with the British demand for the disarmament of the Mussulmans here, and he has therefore ordered that all arms in possession of the Mohammedans be surrendered. The British forces have occupied the entrance to the port. It is reported that the Turkish troops in the town will be withdrawn and replaced by British soldiers. This, it is believed, will insure tranquillity.

**Will Guard Island Ports.**

Washington, Sept. 19.—The navy department has decided to send four of the single-turret monitors to ports in Cuba and Porto Rico for permanent service. They are to be fitted with rapid-fire batteries. No date for the departure of the monitors for the West Indies has been fixed. But the naval authorities say that they will not start from League island until after the Spanish forces have evacuated Cuba and Porto Rico. The naval officials seem satisfied that it will be several months before Cuba can be formally handed over to the United States.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable pills for regulating the bowels, curing constipation and sick headache. They don't gripe. People's Drug Co., corner East Milwaukee street.

**Western League.**

With two games yet to play, Kansas City holds a precarious lead over Indianapolis in the Western league race by the very narrow margin of one point. Defeat administered the champions on the Blues' grounds brought about the result. The next two games will be decided under similar circumstances. Milwaukee took two from the now thoroughly disgraced St. Josephs, and St. Paul performed a like ceremony on the Tigers, while Minneapolis and Columbus broke even. The standing:

**Money in Circulation.**

Washington, Sept. 19.—The treasury bureau of statistics has issued a series of interesting tables concerning the production and coinage of precious metals. The amount of money in circulation in the United States at various periods is shown. The amount in circulation in 1890 is given at \$4.99 per capita; in 1810, \$7.60; in 1820, \$6.96; in 1830, \$6.69; in 1840, \$10.91; in 1850, \$12.02; in 1860, \$13.55; in 1870, \$20.57; in 1880, \$17.50; in 1890, \$19.41; in 1890, \$22.82, and in 1893, \$24.74.

**Dreyfus Engaged as a Spy.**

London, Sept. 19.—David Christie Murray publishes in the Morning a long story regarding the Dreyfus affair. The article states in effect that Dreyfus was engaged as a spy in the employ of a secret department of the French army against those suspected of trafficking with Germany and other powers. His zeal, so the story goes, led him to become the victim of revenge on the part of Col. Henry Comte Esterhazy and Col. du Paty de Clam, who themselves were concerned in treasonable practices.

**Captain Allyn Capron Dead.**

Washington, Sept. 19.—Capt. Allyn Capron of the First artillery died at his home near Fort Myer, Va., at noon Sunday. He had been ill with typhoid fever, but was recovering when he suffered a relapse and passed away suddenly. Capt. Capron was the father of Capt. Allyn Capron, Jr., of the rough riders, who was killed in the famous charge of his regiment at Las Quisimas, near Santiago. Both father and son were in the thickest of the fighting in Cuba.

**France Will Give Up Fashoda.**

London, Sept. 19.—From Cairo and from an entirely independent source the Daily Mail learns that France has assumed a conciliatory attitude toward Great Britain and has declared that the expedition of Maj. Marchand is quite unofficial. The sirdar will offer to take Maj. Marchand to Cairo, and it is probable that the major will accept and that Fashoda will be occupied by Egyptian troops.

**Suspects in Quarantine.**

Lexington, Ky., Sept. 19.—Rumors have been circulated during the past two days regarding yellow fever at Camp Hamilton, and every endeavor has been made to locate positive cases. Forty-six members of the Third Mississippi are in quarantine as suspects. No fear is felt here of the plague, as this is too far north for anything more than sporadic cases.

**Col. Moulton on Sick List.**

Jacksonville, Fla., Sept. 19.—The Second Illinois sick list has grown considerably larger in the last few days. Both Col. Moulton and Lieut. Col. Hathkiss are ill. The latter has gone to a residence in the city.

**May Bring Dreyfus Home.**

London, Sept. 19.—A dispatch to the Daily Mail from Paris says it is reported that the vessel La Ceille has started for Devil's island with a view to the return of Dreyfus to France.

**Kaiser May Postpone Trip.**

Constantinople, Sept. 19.—It is rumored that Emperor William will postpone his visit to the holy land. The rumor cannot be confirmed in diplomatic circles.

**FACTS ARE STUBBORN**

If Janesville People Are Not Convinced By Local Testimony They Differ From Other People.

Our readers must have noticed in the past two years how "cures" have multiplied in the newspapers like mushrooms in a meadow, and following the plethora of "cures" the general public have turned remarkably skeptical. Facts are demanded, but it has also become essential to know who supplies them, where are they from, in time, whom have you cured? Doubting Thomas would not accept a par incredible cures on the other side of the continent. He wants it at home. "Give us some neighbor, then I will believe," is what he asks for. Well Doan's Kidney Pills do this. Call it what you like, at home, local or neighbors testimony, you can always ascertain the truth of it without leaving Janesville.

Here is a case: Mr. John Stetson, of Hotel Myers, day clerk, says: "I was thoroughly examined by a physician some time ago who pronounced my trouble kidney complaint. If the severe pain across the small of the back is any indication of the said complaint, I guess I had it. For two years I suffered with attacks which when not violent there existed a dull, grinding ache, which robbed me of considerable energy. I used in addition to doctor's prescriptions, several preparations said to be sure cures for kidney complaint, but up until I procured Doan's Kidney Pills at the Janesville Drug Co.'s drug store, I received little if any permanent relief. I took a thorough course of treatment prescribed by Doan's Kidney Pills and it cured me up to date, and it is some months since I have not noticed any recurrence of my old trouble. Doan's Kidney Pills are sold by all dealers. Price, 50 cts. Sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.
